Alex

awesome chassis

works great with arduino (separate) super excited to play around with it

Great Starter kit

Great starter kit, the plastic is very brittle and breaks easily thus the four stars.

Car for Arduino

It arrived super fast, good materials. Too bad it doesn't come with plans to assemble...

Good product, inaccessible tutorial

This doesnt come with a paper manual. It has a link to a GitHub page, but the file is in a .rar format, which I couldnt figure out how to access
